DGNREEC – The Government targeted to able auction 10 geothermal working areas on this year.

Director General of DGNREEC, Rida Mulyana said that according to the Law (UU) of Geothermal No. 21 on 2014, start on this year, the auction will be done by the central government.

“Hopefully 10 WKP able to be auctioned on this year”, he said in Press Conference at DGNREEC building, Jakarta, Friday evening, January 23rd, 2015.

Nowadays, Rida added, DGNREEC is conducting a survey or enlist process of 25 WKP, and then the auction of the 25 WKP targeted can be done within three next year period. "We will auction the big WKP first," he said.

Rida also explained, WKP Ciremai also include on the list that will re-auctioned, due to the Chevron Geothermal Indonesia (CGI) who won the Geothermal Working Area drawn back from the tender. “Chevron giving back their determination as the winner, the point is they are drawn back”, he said.

On the same time, Director of Geothermal, Tisnaldi added, Investor interest to join this auction is very big. “Investor Interest is very high”, he said.
